SUMMARY

As a computer science fresher, I possess a strong foundation in programming languages such as Java. I have also gained experience in web development technologies such as HTML, CSS, and JavaScript. In addition, I am well-versed in database management systems, software engineering principles, and data structures and algorithms. With excellent problem-solving skills and a keen interest in emerging technologies, I am eager to contribute to dynamic projects and grow as a computer science professional.

EXPERIENCE

Member

Google Developer Student Club - DSI

October 2022 - Present, Bengaluru

DevOps Intern

Brane Enterprises, Hyderabad

October 2022 - January 2023, Bengaluru

As a DevOps intern, I learned tools like Kubernetes, Docker, Ansible, and Jenkins and worked on projects developing automation scripts, monitoring applications, and troubleshooting deployment issues.

PROJECTS

Personal portfolio website

April 2023 - April 2023

• I created a personal portfolio website using HTML, CSS, and JS to showcase my skills, projects, and achievements. The website is fully responsive and optimized for SEO.

EDUCATION

B.E. Computer Science Engineering

Dayananda Sagar College of Engineering • Bengaluru, India • 2024 • CGPA: 8.4

CERTIFICATIONS

AWS Technical Cloud Essentials

Coursera • 2022

AWS cloud essentials gives a brief about the services offered by AWS and how to use them to run cloud based applications.

SKILLS

Technical Skills: Python, Java, Kubernetes, Docker, AWS, Jenkins
