SUMMARY

As a computer science fresher, I possess a strong foundation in programming languages such as Java. I have also gained experience in web development technologies such as HTML, CSS, and JavaScript. In addition, I am well-versed in database management systems, software engineering principles, and data structures and algorithms.

EDUCATION

DAYANANDA SAGAR COLLEGE OF ENGINEERING
B.E. Computer Science Engineering · Bengaluru, India · 2024 · CGPA: 8.4

CITY MONTESSORI SCHOOL
Intermediate · Lucknow · 2019 · ISC:93%

LA MARTINIERE COLLEGE
High School · Lucknow · 2017 · ICSE:93%

EXPERIENCE

GOOGLE DEVELOPERS STUDENT CLUB (GDSC-DSI)
Member   October 2022 - Present, Bengaluru

BRANE ENTERPRISES, HYDERABAD
DevOps Intern   October 2022 - January 2023, Bengaluru

As a DevOps intern, I learned tools like Kubernetes, Docker, Ansible, and Jenkins and worked on projects developing automation scripts, monitoring applications, and troubleshooting deployment issues.

PROJECTS

PORTFOLIO WEBSITE
· Built using modern web development technologies, including HTML, CSS, and JavaScript.
· Regularly updated with new projects and content to keep visitors engaged.
· Clean and visually appealing design with easy-to-navigate menus and user interface.
